Employment History

Software Developer (Self Employed) (2023 - Present)

- Developing small productivity apps to gain experience with full-stack development.
- Practised iterative development by identifying bugs, refactoring code, and continuous self-led learning.
- Creating and maintaining APIs and databases focusing on learning secure data handling.
- Creating CI/CD pipelines to automatically update apps and to understand automated deployment.
- Working with and creating AI tools to increase productivity, accelerate learning, reduce repetition and for quick iteration and planning.

Support Technician | No Problem IT (Sep 2021 – Mar 2022)

- Provided customer support by phone and ticketing for ~20–25 calls per day, diagnosing software and hardware issues and guiding users to resolution.
- Performed 3–4 in-office repairs daily (laptops, desktops, printers); replaced components and re-imaged machines as required.
- Configured cloud deployment and device management tools to push updates and provision new client machines, improving deployment consistency.
- Maintained and updated client records and payment systems to ensure accurate billing and service histories.

Waiter | Fulham Café (Jun 2018 – Jul 2018)

- Delivered high-quality customer service and supported front-of-house operations during peak service times.
- Assisted with event catering setup and service, ensuring timely replenishment of food and beverages.
- Supported team efforts to maintain cleanliness and presentation standards

Librarian Assistant | Pimlico Library (Jun 2018 – Jul 2017)

- Processed customer payments and managed overdue account reconciliations.
- Handled book renewals and organised shelving to maintain a tidy collection.
- Helped patrons locate resources and provided basic account support.

Education

Just IT Training Ltd, London (Oct 2022 – Feb 2023)
Digital Skills Bootcamp: Software Development
(A 12 week intensive bootcamp covering the fundamentals of Web and Software development)

2019 – 2021 Southwark College (Sep 2019 – Jun 2021)
BTEC Level 3 IT Extended Diploma (Grade Distinction* - D*D*D*)

Westminster Academy Secondary School (Sep 2014 – Jun 2019)
Business: Grade Distinction
5 GCSEs (Grades 6 - 9) including: Maths, English and Double Science
IT : Grade B

Interests and Achievements

Learning & development: Recently completed the Harvard CS50 Introduction to computer science course.

Design and animation: Designing and combining different colours and themes to create creative and instilling animations and UI which I used to design logos and my own software.

Hobbies: I have been learning piano which has taught me patience and control which are characteristics a good employee should have. I have developed personal projects and have assisted friends and family in building their own PC in my own time.
